

# Monumental Impact Collection

Details Matter

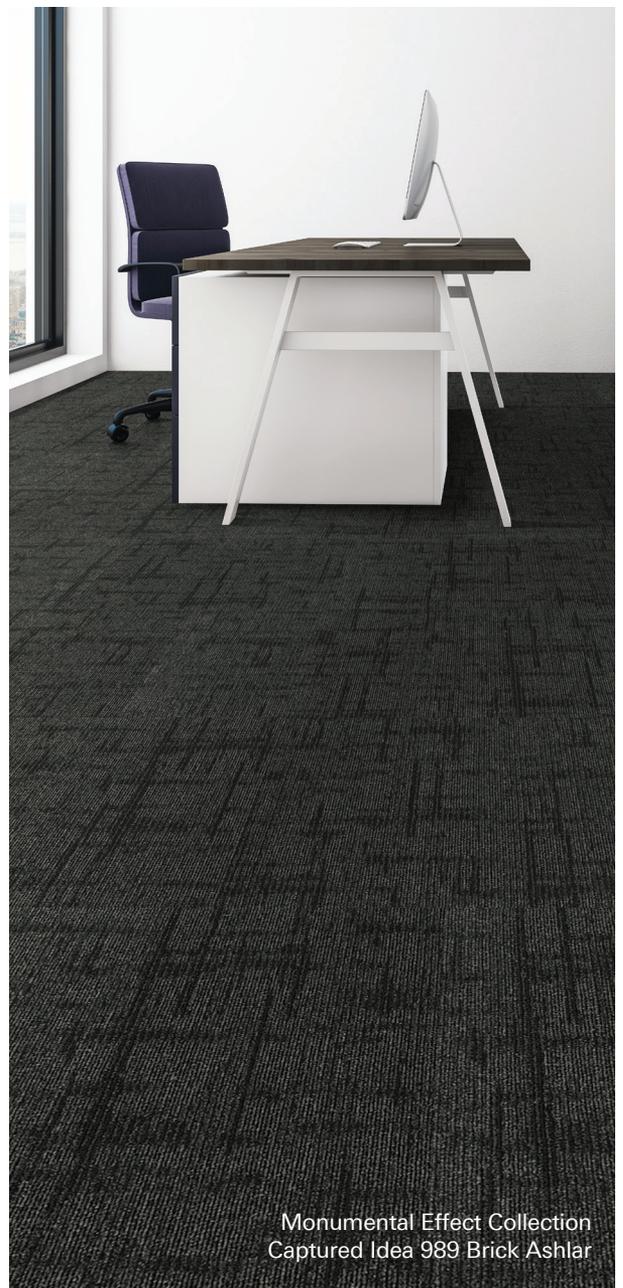

## Maximize design coordination

Aladdin Commercial makes it easy to personalize your commercial space. With coordinating carpet tile, broadloom, and LVT styles; our product lines offer the design freedom needed to create unique interiors.

Details Matter is an upscaled dimensional pattern which interweaves unique color blending and interesting textural attributes on its surface to create an ombre of shadow and light reflecting the natural environment. The pattern also features random tonal accent stripes of different sizes.

Details Matter is comprised of four neutral inspired colorways allowing anyone the opportunity to design a unique random collage for the commercial environment. This collection color coordinates with both Primary Effect and Monumental Effect collections, further expanding an already stellar lineup of design possibilities.

## Monumental Impact Collection

We are excited to bring you the Monumental Impact Collection, our latest addition to mergeable carpet tiles. This collection is made up of one style, Details Matter, which includes three distinct tile patterns that work together to create a truly unique floor.

### TILE ASSORTMENT

> Subtle pattern (no accent stripe)

> Continued background pattern and muted accent stripes

> Background pattern with bold, wider stripes

Each order of Details Matter will have about one third of each tile group. The slight variations will play up the look of your floor. If the installation requires a more precise pattern distribution, we suggest opening multiple boxes to combine the tile groups as you like.

## Unique designs with mergeable carpet tiles

With mergeable dye lot carpet tile from Aladdin Commercial, you can now confidently replace worn out carpet tiles without affecting the look of your space.

- Install tiles from multiple dye lots
- Minimize the need to purchase large quantities of attic stock
- Easy replacement of tiles
- Readily available for future renovation or expansion
- Multi-directional install method recommended for optimal results

## Aladdin Commercial is dedicated to sustainability and innovation

By utilizing the most innovative materials and processes, Aladdin Commercial offers comprehensive flooring solutions that are created specifically for commercial interiors.

### FIBER

#### ColorStrand® SD

For over 15 years, ColorStrand fiber has continually exceeded the demanding expectations of our customers for their projects. With the design flexibility and color intensity of solution dyed fiber, ColorStrand delivers lasting beauty and value with a third party SCS Global Services certification of 30% recycled content.

- Excellent durability and longevity of color
- Wide variety of colors for excellent design flexibility
- Contains an average of 30% pre-consumer recycled content

### BACKING

#### UltraSet® Matrix

Aladdin Commercial continues its dedication to sustainable solutions with UltraSet Matrix, the next generation in carpet tile backing. Using advanced materials and patent pending engineering, UltraSet Matrix lowers environmental impact without sacrificing performance:

- Simplifies complex floor preparation with no need to encapsulate old adhesives
- Greatly reduces subfloor moisture concerns and saves money on mitigation
- Worry-free installation with no visible moisture present using our FlexLok Tab System
- Contains a minimum of 40% pre-consumer recycled content based on total product weight

### ADHESIVE

#### EnPress® or FlexLok

Mohawk Enpress Carpet Tile Pressure Sensitive Adhesive is specifically formulated to install Aladdin Commercial carpet tiles, which is necessary for the manufacturer warranty to be valid.

##### Features

- Quick Tack
- Aggressive Bond
- Superior Shear Strength

FlexLok Tab System virtually eliminates harmful VOC's, this odorless dry installation system can be used in place of the traditional wet spread adhesives method, reducing installation time.

- UltraSet NXT and UltraSet Matrix carpet tile can be installed with no moisture testing required using FlexLok, provided no signs of visual moisture are present and existing adhesive has been reduced down to a minimal residue.

Warranty will be void if other adhesives are used in place of EnPress or FlexLok Tabs

Installation Instructions:

**Aladdin™**  
COMMERCIAL

Mohawk Industries, Inc. warrants its adhesives for the life of the original installation only when a Mohawk Industries style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Industries adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

Mohawk is providing this architect folder for the purpose of promoting our commercial business. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations. We recommend the use of chair pads on all commercial installations.
