

# Resilient Sheet Weld Rods

Aladdin Commercial’s Solid Color Heat Weld Rods are recommended for our Resilient Sheet Collections. The weld rods are used for seaming, wayfinding or accenting commercial resilient sheet. The recommended weld rod chart shows suggested color coordinates, although final weld rod color selection is determined by specifier or end-user based on the flooring design.

## SUGGESTED WELD ROD COORDINATES

	RESILIENT SHEET		WELD ROD			
	COLOR #	COLOR NAME	STYLE #	COLOR #	COLOR NAME	COLOR VISUAL
CLEVER THOUGHT	596	Morning Fog	AHPWR	H5308	Dusty Gray Mid

	524	Aloe	CTWRA	656	Moore	
HIGH ROAD	592	Misted	AHSWR	H5308	Pebble Gray Mid	

Note: Weld Rod sold in rolls only - 165 LF/roll

### HEAT WELD / COLD WELD

Optional heat welding or cold welding techniques can be used to create seamless, sanitary flooring that’s easy to maintain. Place order using “WELDC” style number, followed by the color number. Place order using “INFZC” for the Infuze Seam Sealer.
