CONTINUUM™

THE MOHAWK CONTINUUM™

The ultimate innovation in PET carpet

- Premium PET made from the highest-grade polymer
- Patented process to enhance yarn strength for unbeatable performance
- World's most sustainable carpet with up to 100% recycled content
- Advanced bulking process maintains yarn appearance
- Purified of dirt-attracting residue found in other PET carpets
- Easier to clean and simple to maintain
- Performance-tested for durability and stain- and soil-resistance

EverStrand PET carpets featuring Continuum technology undergo a patented process to strengthen the fiber and remove the dirt-attracting residue found on other PET carpets.

**COMPETITIVE
UNPURIFIED
CARPET**

This multi-step purification process ensures that EverStrand carpets resist the dirt, grime and contaminants that cause other PET carpets to become dingy over time.

STUNNING RANGE OF COLOR AND STYLE

Mohawk has been the leader in high-quality PET for more than 30 years. This leadership is best demonstrated in the unlimited styling and color options offered in EverStrand carpets. Through patented yarn and fiber breakthroughs, Mohawk is able to make EverStrand carpets with premium bulk, style and color clarity at an affordable price.

THE VAST PRODUCT SELECTION COVERS EVERY STYLE AND PRICE POINT

PROTECTED BY SCOTCHGARD™

All EverStrand PET carpets are protected with Scotchgard™ Protector Advanced Repel Technology, the most trusted name in stain and soil protection for over 50 years.

Scotchgard™ Protector Advanced Repel Technology adds an extra layer of protection against stains and soiling to ensure your carpet looks clean and beautiful.

THE SURPRISING TRUTH ABOUT RECYCLING

Many people are surprised to learn that Mohawk uses recycled plastic bottles to make EverStrand carpets. They are even more surprised to learn that the primary reason is that these bottles actually create a stronger yarn than other PET. Through our patented Continuum™ process, Mohawk makes the strongest PET yarn while at the same time contributing to a cleaner planet.
